An innovative, high-performance total entertainment solution for movies, music and multi-room

### KEY FEATURES INCLUDE

- Combined CD/DVD engine for high-performance audio and video
- Multi-channel power amplification for home-theatre applications
- 2 digital inputs allowing easy connection to digital source products such as set-top boxes, games consoles etc
- Surround sound decoding of external sources
- 5.1 channel Dolby® Digital, Pro Logic II® and DTS® decoding
- Component video output
- RDS FM/AM tuner with 200 station presets

The CLASSIK Movie from Linn is an amazing, integrated, home-theatre source product. This total entertainment solution combines CD and multi-channel DVD-Video playback, RDS FM/AM tuner, multi-room distributed audio, external source decoding, and includes component video outputs.

Listen to your favourite music, watch the latest movie or catch up with the radio news. Alternatively, connect up a games console and experience the thrill of the game in full Dolby® Digital 5.1 surround sound. Whatever your preference, the CLASSIK Movie offers unrivalled functionality from a compact, easy to operate, simple to install system.

A sophisticated CD/DVD engine together with Dolby® Digital/DTS® decoder for the internal DVD source, external sources and 5.1 channel amplification help create the unique cinema experience in your own home with true Linn performance.

Linn's KOMPONENT loudspeaker system is the ideal partner for the CLASSIK Movie, both sonically and aesthetically.

The CLASSIK Movie can integrate with the Linn KNEKT multi-room system via the optional Linn KNEKT room control keypad installed and programmed by a qualified Linn Installer.

Available in a choice of 5 colours - Silver and Graphite to match KOMPONENT loudspeakers, and Linn's standard Silver, Black and White - the amazing CLASSIK Movie offers outstanding audio quality from a compact surround sound home cinema package.
